How we began...

The Model T Ford Club International, Inc. (MTFCI) was formed in 1952 when a small group of enthusiasts gathered to share information, parts, and their love of the Model T. Today, the MTFCI has over 4,000 members and 100 chapters located around the world.

Dedicated to the Historic Preservation of the Model T

The MTFCI strongly encourages historic preservation of the Model T. The judging of cars encourages members to research their car's history, then closely follow the original specifications in their restoration work. A variety of resources are available to assist members in this endeavor.

The Annual Tours

The week-long annual tour brings together hundreds of MTFCI members from around the world with their Model T's to visit unique areas of the United States. Participants enjoy daily tours and experience interesting stops, great food, sharing of technical information, and activities for both youth and adults.

Encouraging Youth in the Hobby

The MTFCI knows the key to furthering the hobby for future generations is to encourage and support the youth of today. Many young people build, drive, and maintain their own Model T's, generating excitement that will last for years to come. The MTFCI Foundation awards several educational scholarships each year to deserving young people.
